

# COMMERCIAL AC CHARGER.

towerplug®

## JéGO Power- towerplug® AC commercial charging station

Reference number: REF 1010

### GENERAL SPECIFICATIONS :

- 2x 22 kW
- Customizable design (logo, color scheme, cable length, plug type)
- Customizable communication systems
- E-Flux by ROAD
- App, Wi-fi & Bluetooth Connectivity, RFID
- Dynamic Load Balancing
- OCPP Connection
- CE Certified
- 24 month warranty

With the towerplug®, JéGO Power provides the best public charging station when it comes to affordability. This floor-installed charging tower comes in a double 22kW output, available in both socket and cable variants. The charger's robust design can be fully customized by selecting colour schemes and logos that suit the occasion. Additionally, the charger can also be controlled with the use of RFID cards and can be monitored via OCPP connection from for example E-Flux by ROAD.

# WALL BOX.

homeplug®  
PRO

## JéGO Power- homeplug® PRO AC home Wallbox (App Version)

Reference number: REF 1035

### GENERAL SPECIFICATIONS :

- 1.4-7.4 kW
- World's first consumer-friendly wallbox
- Over 75% time reduction on installation
- Delivered with detailed instruction videos and manuals
- Delivered with tools: screwdriver, step-drill, hardware
- Optional Dynamic Load Balancing
- Over 50% reduction in size
- CE Certified
- 24 month warranty

This compact but powerful charging station is the PRO version of the most consumer-friendly charging solution on the market. The homeplug® PRO includes an app that oversees all your charging activities, giving you complete control. Easily schedule charging sessions and manage power settings right from the convenience of your phone. That is how simple it can be and how simple JéGO Power makes it for you. The homeplug® PRO empowers you to reduce installation expenses by enabling you to personally install the charger. Rest assured, we provide comprehensive instruction videos, manuals, and support, to guide you every step of the way.

# COMMERCIAL AC CHARGER.

towerplug<sup>®</sup>  
PROMO

## JéGO Power - towerplug<sup>®</sup> PROMO AC commercial charging station (Advertising Version)

Reference number: REF 1013

### GENERAL SPECIFICATIONS :

- 2x 22 kW
- 55 inch Advertising screen
- First multi-purpose AC charging station
- ROI in 2-3 years
- Advertising partner colaboration
- Customizable design (logo, color scheme, cable lenght, plug type)
- E-Flux by ROAD
- OCPP Connection
- Dynamic Load Balancing
- CE Certified
- 24 month warranty

With the towerplug<sup>®</sup> PROMO, JéGO Power has invented a whole new dimension to charging. This floor-installed charger is equipped with a 55-inch advertising display, for CPOs to generate a secondary revenue stream with advertising while still offering a double 22kW output. The charger's color schemes and design can be customized to any occasion.

Moreover, the charger can also be controlled with the use of RFID cards and can be monitored via OCPP connection from for example E-Flux by ROAD.

## Towerplug® 2x22kW

Input parameter	Input Type	1P +N +PE - 3P+N+PE
	Input Voltage	AC 230/400V+/- 15%
Output Parameter	Power Factor	>0.99
	Input Frequency	50-60Hz
User Interface	Maximum Current	2x32A
	Rated Power	2x22kW
Communication	Charge Connector	Type 2
	LED Indicator Light	RGB
	Cable Length	5m or Optional
	Enclosure	Sheet Metal
Safety & Certifications	Authorization	Plug & Charge, RFID Card, QR Code, APP, POS980
	Communication Protocol	OCPP 1.6J (upgradable)
Environment	Wi-Fi	Yes
	Bluetooth	Optional
	Ethernet	Yes
	4G	Optional (KPN)
	Cert. MID Meter	Yes
	RS485	Yes
	CAN	Yes
	RCD	Yes
	Emergency Stop	Yes
	Protection Rating	IP55 / IK10
	Electrical Protection	Over/Under Voltage Protection, Over Current Protection, Over Temperature Protection, Surge Protection, Residual Current Protection, Cable Lock
	Residual Current Protection	30mA Type A + 6mA DC
	Certifications	CE, UKCA, CB, RoHS
	System Standards	IEC 61851-1/2017
	MTBF	100000 hours
	Mounting	Floor Mounted
	Operation Temperature	-30°C~+50°C
	Relative Humidity	5%-95%
	Operating Altitude	<2000m
	Product Dimension (W/H/D)	360/1200/250mm,
	Mass	35kg
